

LSF Paint Booth Pre-bid Questions and Answers:    FAA Reply 08/31/12

1. Q: Do the exterior components require beacon lights?

A: The need for beacon lights on exterior equipment is not anticipated.

2. Q: Is there anything beyond standard code needed?

A: No.

3. Q: Will the contractor be responsible for moving the existing eyewash station or providing additional eyewash stations?

A: No.

4. Q: What permits will be required?

A: An existing air permit will need to be modified.

5. Q: Who issues the needed permits?

A: All permits will need to be coordinated with the Oklahoma City Airport Trust.

6. Will a mixing booth be part of this requirement?

A: No.

7. Q: Where will the contractor have access to bring product in?

A: There is a roll-up door on the west side of the building that can be used.

8. Q: Where can equipment be stored?

A: Equipment can be stored at the AML-4020 storage area, south of the building

9. Q: Will parking be available?

A: Contractors can park their personal vehicles in the LSF employee parking lot.

10. Q: Are there any safety programs that the contractors will have to attend?

A: Not outside of an evacuation briefing. Additional Security requirements are listed in Section I of the solicitation.

11. All other concerns and questions that have been presented will be answered through a subsequent amendment to the Statement of Work.
